LATE SHOPPER  
COMES TO BAT

Enormous Business Expected Saturday, Normally Heavy Day Because It Is Last Chance

## SNOW FAST DISAPPEARING

White Christmas Not In Prospect Unless More Snow Falls—Preparations For Christmas

The eleventh hour shopper and the belated gift purchaser will have his inning Saturday, as the last day before Christmas for buying, will arrive.

Although Saturday is usually a busy one with Rushville merchants, yet to have Christmas come as it does this year on Monday, it will mean an enormous business and local merchants are preparing to take care of the vast throngs.

With the two day vacation for most people, many will observe Christmas, with their youngsters on Sunday, and also many people will have two chances to have Christmas dinner, on Sunday and Monday both.

Little prospects is in sight for a white Christmas as the snowfall of last week and the flurries of Thursday afternoon were fast disappearing with the bright sunshine today. Partly cloudy tonight with fair weather Saturday is the prediction. Higher temperatures are also forecast.

Word from the North Pole, where Santa Claus has been working hard in making gifts for the youngsters, says that he will make his trip this year in automobiles if the snow is all melted, and that the youngsters will not be disappointed.

Although the retail stores will be closed all day Monday, yet the groceries and meat shops will probably be open for a few hours Christmas morning, because some of the groceries needs cannot be kept over Sunday by the purchaser.

While most everyone is enjoying Christmas on Monday the city mail carriers and the rural route carriers will make their usual trip, as it is one holiday in the year that they have to make their rounds, and assist Santa Claus in distributing packages.

The business at the local postoffice has been enormous the last few days and packages of all shapes and sizes, and from every state in the country were piled high in the rear of the postoffice this morning when the mail train from Chicago arrived.

With the one day left for the last minute shopper, he will find the clerks just as patient to wait on him as he did three weeks ago, and although the stocks in many kinds of stores are well thinned, yet there is not a local merchant but who can find something in his wares that will satisfy, and fill the bill for the late shopper.

ALLEGED PEDDLERS  
OF DOPE ARRESTED

Evidence Against Trio is Red Book Containing Names of Several Hollywood People

## WALLY REID WORSE TODAY

Los Angeles, Calif., Dec. 22—Three alleged dope peddlers who are believed to have supplied Wally Reid and other people in the film colony, were arrested today by the police narcotic squad.

A quantity of narcotics was seized. Evidence against them, police declared, is a little red book found by a patrolman several days ago in a car parked in front of a rooming house. The book contained the names of a number of Hollywood picture people, including Wally Reid, officials said.

Since then the narcotic squad has trailed the men and their machines through Hollywood to various homes and studios.

The condition of Wally Reid was reported slightly worse today. His condition is not as favorable as it has been in the past few days, his physician declared. He is weaker and his pulse has increased to 204.

## Tragedy Walks Hand in Hand With Liquor Traffic

By ROY H. HAYNES

(Prohibition Commissioner)  
(Copyright by the U. P.)

Washington, Dec. 22—With tragedy walking hand in hand with the illicit liquor traffic, I want to issue a solemn warning to the people to refrain from buying and drinking whiskey or any other intoxicating liquor.

I issue the warning at this time not on legal grounds alone but in the sincere belief that the man or woman who consumes any of the beverage now being offered, is running the danger of permanent injury or death in horrid form.

Ninety-eight percent of the beverage liquor now being peddled is unfit to drink.

Practically every drop of beverage liquor now offered to the public carries the possibility of blindness or other physical impairments, even death.

Remember that bootleggers have no scruples. They are interested only in profit. Wood alcohol and other like deadly ingredients, constitute in a large measure their illicit products.

Those who are deluded into believing that whiskey is a necessity for cheer should recall that last year at this time tragedy entered many homes throughout the country in the guise of poison liquor.

Christmas was turned into a day of mourning.

## FARM LABORER AND DOMESTIC ARRESTED

Mrs. Grace Becraft And Charley Deilkes Are Accused Of Passing Worthless Checks

## PREPARING TO LEAVE CITY

Charley Deilkes, a farm laborer of near Morristown, and Mrs. Grace Becraft, a domestic of this city, were arrested at noon today by Patrolman Lakin and placed in jail, where charges were to be preferred against them this afternoon in connection with the passing of a fraudulent check.

According to the officers, the man gave Mrs. Becraft a check for \$12 on a bank at Milroy, and she cashed it at a grocery in West Third street several weeks ago. The check was said to be worthless.

The officers have been tracing the man for several weeks and learned Friday that he was living south of Morristown, and when they went after him, he escaped. Today at noon when arrested, the couple was preparing to leave the city on a west bound traction car, the officers stated.

Charges were to be filed in Mayor Thomas's court this afternoon, where a hearing would be given them today.

Quarrel, Fight, Clinch and Shots in Clinton Soft Drink Parlor and Clinton Man is Dead

## LEAVES WIDOW, 3 CHILDREN

(By United Press)

Clinton, Ind., Dec. 22—A quarrel, a fight, a clinch, and a number of shots in a "soft drink" saloon here last night, resulted in the death of Ed Borem, 30, a taxi driver, who leaves a wife and three children.

Joe Clark, proprietor of the parlor, was held today on a charge of killing the man. Clark has been in federal court in Indianapolis a number of times under the Volstead act.

Clark was notified that Borem, on a rampage, had caused trouble at one soft drink parlor and was coming to his place. He ordered Borem out as soon as he entered. They quarrelled and fought. When the smoke of the gun shots cleared away, Borem lay on the floor mortally wounded.

Make Saturday "Christmas Seal Day" was the slogan of the Rush county workers today as they prepared for the final appeal to put Rush county over the top in the campaign to raise \$1,800 through the sale of the holiday stickers and Health Bonds.

Saturday will be the last chance, and with the fund \$450.00 short of the county's quota, it was realized that some good licks would have to be put in if the aim of the campaign is to be realized.

The total mounted to \$1,338.42 today, the only addition to the fund being \$54.12 from sales in Rushville city. The Rushville total was boosted by reports from the Graham Annex and Graham high school buildings. Seals have been sold in other school buildings of the city and the reports will be in by Saturday.

The sum realized from the campaign in Rushville so far has amounted to \$1,253.84. Only two townships have reported to date and the other nine townships are expected to boost the total materially.

Saturday will be Christmas Seal Day in many of the counties of Indiana, according to reports received at State headquarters for the 1922 Seal Sale. The sale, one of the best in years, may reach the goal of 36,000,000 Seals sold, and 36,000,000 pennies available for the 1923 anti-poverty fund.

CHARLES W. STIVERS  
IS DEAD AT LIBERTY

Publisher of Liberty Herald Expires At Age Of 74 Years Of Bronchitis And Complications

## FUNERAL SUNDAY, 10:30 A. M.

Liberty, Ind., Dec. 22.—Charles W. Stivers age 74 years, for many years the publisher of the Liberty Herald, died at his home at 12:30 Thursday morning of bronchitis, in complication with lagrippe and asthma. He has been in failing health for a year or more.

Mr. Stivers came to Liberty when a young man. He was married at nineteen, after having purchased the printing office of Captain J. H. McCluny, and three children were born to this union, who survive him. They are Frank A. Stivers of Ann Arbor, Mich., Orion L. Stivers, publisher of The Herald, and Mrs. Estella Clark, of Los Angeles, Calif. The mother, Laura Elizabeth Freeman, passed away twenty-five years ago. He was married later to Minnie Stanton, who survives him.

The funeral services will be held next Sunday morning at 10:30 o'clock at the Methodist Episcopal church here.

Judge E. T. Hartwell Finds For State In All But Two Instances In Mine Massacre Trial

## TWO MOTIONS ARE UPHELD

Court Rules Testimony Be Limited To Specific Defendants And Not Held Against Others

(By United Press)

Marion, Ill., Dec. 22.—Counsel for the defense launched their opening attack against the testimony submitted by the state in the first Herrin massacre trial here today.

Twenty motions for the exclusion of state's testimony were filed with Judge E. T. Hartwell at the opening of court. The judge ruled on the motions separately.

Eighteen of the twenty motions were overruled and denied by the court.

Two motions requesting that testimony submitted by the state witnesses be limited to specific defendants and not held as evidence against the others were upheld and granted.

The principal part brought out in Judge Hartwell's ruling admitted evidence or not it was connected with the five defendants directly with the killing of Howard Hoffman.

Williamson county, smarting under the criticism of surrounding communities because of the Herrin Massacre last June, crowded its way into circuit court today to hear the opening of the case for the defense of the five men accused of murder in connection with the disorders.

With all the gruesome stories of lawlessness, riot and blood shed brought to an end when the state rested its case, counsel for the defendants called their first witness to the stand this morning.

Every seat in the gloomy courtroom was filled long before Judge D. T. Hartwell called the court to order. Eager spectators lined the walls and sought places of vantage in front of the railing. Hundreds stood in the dark halls, waiting an opportunity to view the proceedings. Farmers and miners gathered in little groups about the public square. Everywhere people were wondering what the nature of the case would be.

With a preponderance of testimony built up against the five accused men, counsel for the defense prepared to submit their evidence to the jury. Interest in the coming proceedings has been stimulated by the announcement of A. W. Kerr, leader of the defense attorneys, indicating their case will be built around a plea against importation of "armed gunmen," who "disrupt peaceful communities by their acts of challenge and violence."

Santa Claus Fund Will Surpass  
1921 Total For Holiday Cheer

Generosity of Kris Kringle's Friends Send Total Flying, Today's Gifts Amounting to Almost \$100.00—Cheer Spreading Business Now Well Under Way

## DISPENSED IN MANY FORMS

With one more day left for giving the Daily Republican-Salvation Army Santa Claus fund today was just \$3.70 short of the total raised last year and there was every indication that last year's mark will be passed because the Salvation Army kettle will yield substantial sums today and Saturday, even if no more of Santa's friends come in at the last moment with a gift.

Today's contributions lacked ninety-six cents of equalling \$100.00. This was due to two splendid gifts, one from a "friend of children" who desires that the identity of the giver be kept secret.

SPECIAL VENIRE FOR  
THE CLEVINGER TRIAL

Preparations Are Made For Second Hearing of Case Charging Unlawful Liquor Possession

## HAZEL CODNEY GETS DIVORCE

A special venire of 25 names has been ordered drawn for jury service for Tuesday, when the case of the state against Fred Clevenger, charged with unlawfully selling liquor, will be tried for the second time, as the jury in the former case failed to reach an agreement.

The jury, which heard a couple of cases this week, will rest until after Christmas, as no other cases are set for trial today or Monday, as court will recess on Christmas.

Only the routine of court business was held today, and the session will be brief on Saturday.

The divorce suit of Hazel M. Codney against Walter L. Codney, which was heard last month, was decided in favor of the plaintiff, in a decree issued today in the court.

Another divorce suit filed recently by Martha Moore of near Arlington against Marshall Moore, the plaintiff has dismissed the case, and the matter will be dropped from the docket.

## FIRE STARTS FROM LANTERN

Touring Car Practically Destroyed While Taking On Gasoline

A Chevrolet touring car belonging to Herbert Royce, rural route 2, Versailles, Ind., was practically destroyed by fire about midnight in front of the Triangle garage, Second and Perkins streets, when gasoline fumes were ignited from a lighted lantern in the rear seat. The top of the machine, upholstery and body of the car were ruined as the result of the fire.

One of the men from Versailles attempted to pull the fire alarm box at the corner, but after breaking the glass door, did not pull down on the hook, and no one had the presence of mind to turn in the alarm. The machine had stopped for gasoline, and it is believed that the fumes carried to the lantern, and the machine burst into flames.

SCHOOLS CLOSE UP  
FOR THE HOLIDAYS

Christmas Spirit is Evident in Decorations and Special Programs—to Reopen January 2

## SANTA AT RURAL SCHOOLS

Today Also Marked the Close of The First Semester for The Schools in The County

The Rushville city schools closed this afternoon for the holidays and work will be resumed on Tuesday January 2, the day following New Year's.

In the grades, the spirit of Christmas was evident today not only in the decorations of the rooms, but also in the songs and programs that were given. Many of the rooms had small decorated Christmas trees and a number of the small children remembered their teachers with little tokens of the season.

In the high school, the Christmas number of the Rushlite and the sale of Christmas Seals, together with a party for little children, gave the students an opportunity to display the Christmas spirit.

The township schools will observe only the next week as the holiday vacation. In practically every school there was a Christmas program this afternoon, and in some there was a Santa Claus to distribute gifts and candy from a Christmas tree. It is almost the universal rule of teachers in the township schools to give candy to their pupils.

The county schools also closed today, but will have only the one week's vacation and will open on Monday, January 1.

Today also marked the close of the first semester in the rural schools, and the new school term will open on the first of January. In the city schools, the semester will not close until January 19.

B. D. Farthing, county school superintendent, stated today, that the teachers of the country schools are to be commended upon very much for the enthusiasm they have shown and for the way they carried forward the school work thus far.

Mr. Farthing says that the first semester has been a decided success along the line of school activities, and it is to be hoped that the second semester will even make greater strides in promoting educational tendencies.

TOTAL OF 322 BABIES  
EXAMINED IN COUNTY

Conference Closes In Rushville Thursday, 126 Being Given Test Three Days This Week

## IS REGARDED AS A SUCCESS

Forty-six babies were examined at the Better Babies conference which ended at three o'clock Thursday afternoon in Rushville, and which brought the total up to 126 babies in Rushville and 196 outside of Rushville in the townships, or a grand total of 322 babies during the 2½ weeks that the workers were here.

The examination in Rushville was conducted for three days this week at the Knights of Pythias building, and the work here was said to be a success, and many parents learned much about their babies that they did not know before.

While in Rushville, on the first day Tuesday, there were 29 babies examined in the afternoon, 51 on Wednesday, and 46 on the closing day, and similar conferences of one day each were held in the townships, giving every mother an opportunity to have their child tested by the state physicians at no cost.

The state workers employed in the Child Hygiene division of the state board of health, will move to Madison county the first week in January, and continue their work until every county in the state has been visited.

Apartment House Occupants Forced  
to Flee During Spectacular Fire  
in Brooklyn

TWO FIREMEN ARE MISSING

New York, Dec. 22—Two firemen were reported missing and thirteen were injured in a spectacular fire that drove scores of apartment house occupants to the streets in their night clothes in the Williamsburg section of Brooklyn early today.

Some of the firemen were injured by a falling trolley wire which caused explosions. Others were hurt by collapse of the front wall and roof of the I. A. Business building occupied by a baby carriage concern where the fire was believed to have started.

Light wires were put out of commission, throwing the scene in darkness save for the flames, and causing a panic.

Five adjoining dwelling houses caught fire and several apartments were endangered before the blaze was brought under control at six o'clock this morning.

Deputy Chief John F. O'Hara was among those injured by the falling wall. O'Hara's condition is reported critical.

Debris of the building is being searched for the missing firemen. A check up of hospitals is also being made to learn if they were injured and taken away in taxicabs.

DEATH WARRANT FOR REBELS

Dublin, Dec. 22—Decision of Insurgents to continue guerilla warfare in county Kerry automatically becomes a virtual death warrant for four imprisoned rebels here.

The four condemned men were sentenced immediately after execution of seven others by the Free State this week, but the sentence was respite on condition that the insurgents cease their campaign of incendiarism, bombing, assassination and other outrages.

Santa Claus Fund Will Surpass  
1921 Total for Holiday Cheer

er remain absolutely secret, and the other from Deryl Case, son of Mr. and Mrs. J. D. Case of this city.

Little wonder then that Santa Claus' face wore the kind of a smile that never comes off and that will last him throughout the year while worries along at the North Pole preparing for another Christmas. On December 2, 1921 the fund totaled \$477.15, which reveals how much better the response has been this year.

The practical side of the Christmas cheer business was on in dead earnest today. Members of the Rotary and Kiwanis clubs and the Elks lodge are buying the gifts that will warm the cockles of the tiny tots' hearts and are putting them up in neat bundles ready for delivering Sunday.

Not as many children were found this year, as last, for remembering through the fund, but more baskets will be distributed because a greater number of old people who had no chance for a good Christmas dinner, were discovered to be in want.

The fund will be ample to cover all of Santa's needs and in some instances where suffering and privation are extreme, coal and other necessities to keep body and soul together will be provided through this fund, the aim of which is to provide good cheer in whatever form it may be needed.

The Good Fellows who are buying gifts for the little folks will go to the court house for a bag of candy, nuts and fruit for each child they are remembering and in cases where baskets are designated, they will be delivered at the same time the children's gifts are distributed.

The other baskets going to homes where there are no children will be delivered by Capt. Samsel of the Salvation Army.

Rushville Commandery No. 49 K. T. will hold their Christmas observance at the Masonic Temple at eleven A. M. Christmas morning. Sir Knights are requested to attend.

MANY ART TREASURES  
DESTROYED IN FIRE

Church of Notre Dame De La Re-

Other Quebec Buildings

FIRE THOUGHT INCENDIARY

Quebec, Dec. 22—The Church of Notre Dame de La Recouvrance, oldest Basilica in the city, and many art treasures were destroyed in a fire that left the edifice a mass of ruins early today.

For a time many of the city's finest buildings were endangered. These included the Chateau Frontenac, the Canadian Pacific Railroad Hotel and newspaper offices.

The fire was believed to have been incendiary.

The chief of provincial detective received a threatening letter several days ago saying the church, most beautiful in all Canada would be burned December 28. The blaze was a climax to others in Canada recently which destroyed churches.

The same fire bug, police said is believed to have been responsible for the destruction of many religious edifices in the last few years.

Among the treasures destroyed were the religious garments of the clergy, said to be the most beautiful on the American continent, a painting of Christ by Vandyke and a painting of St. Paul by Carlo Mattara. The religious vestments were donated to the church by the old French kings.

The church, rich in historical and romantic religious lore, was the seat of the only Cardinal in Canada. It was erected in 1647. It was bombarded in 1759 by the British under Wolfe and about 900 persons were buried in the crypt.

DEARBORN STREET  
STATION IN RUINS

Chicago Landmark Destroyed In  
Most Spectacular Fire Seen In  
Windy City In Years

\$34,000 PAYROLL IS SAVED

Chicago Dec., 22.—The Dearborn Street Railroad Station, Chicago landmark, was in ashes today following one of the most spectacular fires in the history of Chicago.

Crossed electric wires, a cigarette butt, or incendiarism caused the blaze, fire department officials declared. Christmas mail baggage and \$34,000 payroll were saved by the heroic work of employees.

Mamie Scully, 25, and two other telephone operators insisted on remaining at work until overcome by smoke. They were carried to safety.

Officials of the railroad using the station declared train schedules would not be delayed as the train shed was only slightly damaged and an annex will be used as the main station.

It was believed a new and modern structure would be built to replace the old station.

Railroads using the station are: The Santa Fe, Wabash, Chesapeake and Ohio, Chicago and Western Indiana; Chicago and Eastern Illinois Chicago, Indianapolis and Louisville; Grand Trunk and Erie.

WOUND INFLICTED  
BY HER STEPFATHER

Ellen Wyman, 15, South Bend "Flapper" Fights For Her Life Following Quarrel

MEANT TO FRIGHTEN HER

South Bend, Ind., Dec. 22.—Ellen Wyman, 15, who liked to be a "flapper" fought for her life today as the result of a bullet wound inflicted during a quarrel with John Wyman, her stepfather.

Wyman was held in jail pending the outcome of the girl's fight for life.

Donald Wyman, 12, brother of Ellen, told police that Wyman abused his sister after he intercepted a letter she had written to Irving Burdett, R. R. 1, Box 75, Peoria Ill.

"He quarrelled with her about going automobile riding with a neighbor woman," Donald said. "She didn't like it and both of them became angry."

"Dad went to the bureau and got his pistol and fired at Ellen. She staggered and fell."

Wyman declared the gun was discharged accidentally.

He said he only intended to frighten the girl but that she became hysterical and grabbed the gun and in the struggle it was discharged.

NINETY-ONE TRUE  
BILLS RETURNED

Indianapolis, Dec. 22—Ninety-one indictments involving 159 persons were returned by the federal grand jury in a special report submitted today to Judge A. B. Anderson. There will be another report next month according to District Attorney Elliott.

Gary liquor cases, one of the most important matters under investigation, were not covered in the report. Investigation of the alleged Lake county conspiracy will not be completed until after the holiday, Elliott said, and it will be covered in the report next month.

The names of Gary and Lake county officials and of men prominent in affairs of the Calumet region have been mentioned in connection with alleged prohibition law violations.

Only the names of defendants in jail or out on bond were given out by the district attorney. The others will be announced when arrests are made.

R. H. Abel, formerly acting group chief of prohibition agents in Indiana, was indicted on a charge of violating the prohibition law. Abel is said to have sold liquor confiscated in federal raids.

Ten alleged peddlers of dope were caught under narcotic charges along with five physicians from various parts of the state on the same charge. Dr. Marvin Fisher of La Fontaine was the only physician named whose indictment was made public.

Frank Sample of this city was a member of the federal grand jury.

EXPERT DIVERS ASSISTING  
Search For Men Kidnapped By  
Hooded Mob August 24 Continues

Mer Rouge, La., Dec. 22.—Expert divers, assisted by stat troopers and citizens, started dragging Lake La Fourche, near here today, in search of the bodies of F. W. Daniels and Thomas F. Richards, kidnapped by a hooded mob, August 24. Lake Cooper, near which the authorities were informed, the masked men were seen on the night of the kidnapping, has been dragged without results.

Meantime Captain W. W. Cooper, in command of the state militiamen, sent here to aid in the search for the kidnapped victims, has placed detachments of troopers at all the lakes in the vicinity to prevent any possible attempt at removing the bodies.

SHERIFF'S SALE

By virtue of a certified copy of a decree to me directed from the Clerk of the Circuit Court of Rush County, State of Indiana, in cause No. 2675, wherein the Capital Securities Company was plaintiff and Eva Bell McDaniel was defendant, and J. P. Tweedy, Ball and Orme and Walter E. Smith were defendants and cross-complainants and wherein judgment was rendered in favor of the plaintiff, Capital Securities Company, in the sum of \$13,606.82 with interest and costs, in favor of J. P. Tweedy in the sum of \$126.57, in favor of Ball and Orme in the sum of \$488.35, and in favor of Walter E. Smith in the sum of \$488.70, all with interest and costs requiring me to make a return of \$14,710.44 with interest and costs on said decree.

I will expose at PUBLIC SALE to the highest bidder on SATURDAY, THE 15th DAY OF JANUARY, 1923, between the hours of 10:00 o'clock a.m. and 4 o'clock p.m. at the north door of the Court House of Rush County, State of Indiana, the rents and profits for a term not exceeding seven (7) years, of the following real estate lying and being in Rush County, State of Indiana, to-wit:

Thirty-nine and three-fourths (39 3/4) acres off of the south end of the west half (1/2) of the northwest quarter (1/4) of Section fifteen (15), Township fifteen north, Range nine east of the Second Principal Meridian.

Also, commencing at a point in the southwest corner of the east half (1/2) of the northwest quarter (1/4) of Section fifteen (15), Township and Range aforesaid and running thence north thirty-four (34) rods and nine (9) feet east of the place of beginning, and thence west thirty-four (34) rods and nine (9) feet to the place of beginning, containing seven (7) acres and eighty-four (84) square rods.

Also, commencing at the northeast corner of Section sixteen (16), Township and Range aforesaid and running thence west four hundred forty-two and twenty-two hundredths (442.22) feet to a stone; thence south twenty-two hundredths (22) feet to a stone; thence east four hundred forty-two and twenty-two hundredths (442.22) feet to the center of the highway; thence north twelve hundredths (12) feet to the place of beginning, containing twelve and forty-hundredths (12.40) acres.

Also, commencing at a point eight hundred eighty-four and forty-hundredths (884.44) feet west of the northeast corner of Section sixteen (16), Township and Range aforesaid and running thence north thirty-five (35) feet to a stone and thence north to the place of beginning, containing twelve and forty-hundredths (12.40) acres.

Also, commencing at a point thirteen hundred twenty-six and sixty-six hundredths (1326.66) feet west of the northeast corner of Section sixteen (16), Township and Range aforesaid, and running thence west to the northwest corner of the northeast quarter (1/4) of said Section sixteen (16); thence south twelve hundredths (12) feet to the place of beginning, containing twenty-two and twenty-two hundredths (22.22) feet to a stone; thence east eight hundred sixty-six and sixty-six hundredths (866.66) feet to a stone and thence north to the place of beginning, containing twelve and forty-hundredths (12.40) acres, more or less.

The premises hereby described contain in the aggregate one hundred nine and thirty-three hundredths (109.33) acres, more or less.

If such rents and profits will not sell for a sufficient sum to satisfy said decree, with interest and costs, I will at the same time and place expose to Public Sale the fee simple of said real estate, or so much thereof as may be sufficient to discharge said decree. Said sale will be made with relief from valuation or appraisement laws.

**At The Mystic Today**

"Top O' the Morning." Gladys Walton's latest Universal starring vehicle showing at the Mystic today while just as cheerful as the name implies, presents many tense dramatic incidents and opportunities for brilliant emotional display on the part of the popular Universal star.

Miss Walton plays the part of "Jerry" O'Donnell, a winsome Irish colleen who comes to America to visit her father only to find that he has taken a second wife who immediately proceeds to make life miserable for her newly-arrived step-daughter from the old country and Jerry learns a few things of life and incidentally becomes an American girl.

"Top O' the Morning," is considered to be one of the best things that Gladys Walton has done thus far in her career as an emotional actress. She outdoes her success in "Second Hand Rose" and "Playing With Fire."

"Top O' The Morning," is just a simple love story containing many unusual twists and a delightful romance that threads its way throughout. This Irish story was written by Anne Caldwell, and scored a brilliant success on the American stage.

PLUMBER MADE NEW STILL

Is Found Guilty Of Making Apparatus For Manufacturing Booze

Prohibition Director Morgan of Indianapolis is watching with interest the following cases which were recently reported to him by Group Chief William Hays of the Terre Haute Office. The police of Vincennes, Indiana, confiscated a still of approximately 200 gallon capacity from a tinner just upon completion of the still. The tinner was tried in City Court of Vincennes on December 7, 1922, before a jury of 12 men. They found him guilty of manufacturing a device to be used for the manufacture of illicit liquor and fined him \$250 with costs and 90 days on the State farm. This case had a far reaching effect and Mr. Morgan plans to use it as a basis

for action against both tinner and plumbers who are manufacturing stills or devices to be used for illegal manufacturing of liquor.

STAY WITH THE LORD:  
The Lord is with you, while ye be with him; and if ye seek him, he will be found of you; but if ye forsake him, he will forsake you.—2 Chronicles 15: 2.

Avoiding Fire

At this season of the year when the fire hazzard is so great, too many precautions can not be taken to avoid endangering property and life through careless use of Christmas decorations.

The state fire marshal has called attention to the dangers that lurk in the Christmas decorations and he has issued another warning on the eve of the celebration to urge all who celebrate the holiday to be especially careful.

He says that if the call for Santa Claus is a crying need that will accept no substitute, the impersonator should avoid long cotton whiskers and should keep away from lights and open fires. As an additional protection, the costume used may be partially fireproofed with the following solution: Two ounces of carbonate of soda; two ounces of amonia carbonate; two ounces of boric acid and five gallons of water. The mixture should be allowed to

come to a boil and should then be strained and sprayed upon the material to be protected. If Santa's clothing or that of any one else does catch fire, the victim should be rolled in a rug or woolen cloth and the flames smothered as promptly as possible. The flames should be kept from the face.

In order to prevent the spread of any fires that may start, a bucket or two of water and a fire extinguisher should be kept ready at hand.

Another important safeguard is to remove all evergreens immediately after Christmas, before they become completely dried out. In England, it is considered "bad luck" to keep the trees and greens in the house after New Year's Day.

All the precautions that have been mentioned for the home should be strictly observed at public celebrations and, in addition, thought should be given to the matter of clear and adequate exits in case of fire. The hall or room selected for the occasion should be upon the ground floor and should be ample to accommodate the expected audience, without crowding.

Rogers Bill Needed

The maintenance of the state department costs four-tenths of one percent of all Federal expenditures. The War and Navy Departments together cost 16.9 percent, about 42 times as much as the State Department, yet it is often upon the negotiations conducted by the latter that the decision rests whether our facilities for making war shall be called into play. What the State Department does is of vital importance to the peace and security of the country, and its personnel should be the very best obtainable. The Rogers bill for the reorganization of the diplomatic and consular service is aimed to raise materially the standard of our foreign representation.

P. O. Deficit Out in 1924

The record of the postoffice department under the Harding administration is a remarkable illustration of "more business in government". For the fiscal year ending June 30, 1921, the postal revenues failed to meet the postal expenditures by \$130,000,000. For the year ending June 30, 1922, the deficit was \$64,000,000. For the present fiscal year to end June 30, 1923, there will be an estimated deficit of only \$31,000,000, and for the fiscal year ending June 30, 1924, it is expected that all deficits will be wiped out and a surplus of \$952,000 shown.

TILDEN TO LEARN NEW TENNIS PLAYS

Champion Court Artist Will Have To Remodel His Style On Account Of Having Finger Amputated

INJURED IN TENNIS GAME

With His Finger Removed, Many Old Strokes Cannot Be Made And He Will Be Greatly Handicapped

By JOSEPH WASNEY  
Dear Old U. P. Staff Correspondent

an airplane, Philadelphia, Pa., Dec. 22.—Wil- of boots and "Big Bill" Tilden, 2nd world's think that h champion expects to start pair of booting on indoor courts early in y to offset the handicap caus- the amputation of the upper of the middle finger of his years old.

forget. "I am now certain that what is left of my middle right finger will be so stiff it will be virtually use- less in gripping the racquet," Tilden told the United Press.

"This means I will have to re- model my game on orthodox lines and the trick shots that have meant much to my game will be a total loss. My backhand drive and by forehand drives probably will be the only strokes that will not be affected by my injury."

Tilden's finger was injured in a tennis match early in the autumn when he ran into a wire netting. The finger was slightly scratched and infection spread so that he lost the finger from the distal joint.

In diagnosing his own game Tilden claims he will retain the two great offensive strokes that carried him through matches to the champ- ionship.

"While retaining these two shots, absolutely all my other strokes with the possible exception of my service, will have to be changed. And with regard to the service I can't see how the finger is going to affect my high bounding delivery on which I de- pended principally in match play," the champion continued.

"I know that the volley shots and the delicate little end shots that I have depended on so much are lost to me, for I make all those plays with my fingers.

"What I have to regain now is confidence in my play. I n the last five years I have really never lost confidence in my ability to return a ball that I could reach. In the future I know this is going to be re- versed, but I may be able to over- come this in time. Just now this is bothering me more than the mere matter of stroking."

"As to my game next summer I have said and will repeat it, that I will be lucky to get the first ten for 1923, and I mean it.

"However, I am of the opinion that each succeeding champion has the right to the crown by winning in a match and if I am playing tennis of a calibre that warrants competition, I will be more than willing to defend the championship."

Meanwhile "Big Bill" is working out his game on paper. He is studying just what plays he will make when he starts playing again.

There is still a chance the cham- pion may have to undergo another operation on his injured finger. His physicians, however, are trying to avoid this.

LOCAL STARS WILL PLAY

Former High School Basketball Men To Stack Up Against Arlington

A fast game of basketball is promised for the fans of Rush county on Tuesday night, when a team from Rushville, representing the Knights of Pythias lodge, will play the Arlington athletic club at Arlington. The Rushville team will consist of former high school play- ers who are now playing in colleges, and the eight men who will make the trip are Justin Stewart, Lowell Head- lee, Emerson Headlee, Havens Frazee, John K. Tompkins, Cyril Caron, John Keating and Becker.

Many Rushville people are plan- ning on attending the game in order to see the former stars in action, and a fast game is expected.

BUTLER TO TRAIN FOR FUTURE GAMES

Indianapolis College Will Iron Out Weak Places In Basketball Line- Up For Next Games

MORE FLOOR WORK NEEDED

Indianapolis, Ind., Dec. 22.—The Butler basketball squad returned from their trip up North in good condition and today started on in- tensive practice to iron out some of the weakness which appeared in the Wisconsin and Marquette games. Hooker, Griggs, and Leslie showed well in the Wisconsin game and were able to elude the Badger guards re- peatedly, while several men who ap- peared in the Butler line-up at Mar- quette gave promise of future great- ness. Passing, dribbling and floor strategy will occupy the attention of Coach page for the coming week.

The squad will be dismissed Sat- urday for Christmas but will resume practice the following Wednesday in preparation for the first big home game with Carnegie Tech, which will be played at Tomlinson Hall on December 29. The Scotchmen have a fast team and promise to give the Bulldog machine a real battle. On the following night the University of Chicago will be seen in Indianapolis. This is the first time in many years that one of the big Western Con- ference schools have come to Indiana- polis. This is of special interest to Butler followers as Pat Page former- ly coached basketball at Chicago.

Peace Between Minors, Majors

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Dec. 22—Most, if not all of the points at issue now be- tween the major and the minor leagues ought to be settled next win- ter.

If the major leagues hold a joint meeting in Chicago, the minors have agreed to hold their annual session there at the same time.

Commissioner Landis said at the Louisville meeting that he intended to alternate the annual joint meet- ings of the National and the Amer- ican League meetings between New York and Chicago, which would give it to Chicago next year.

Several points are at issue now, the draft, of course, being of most moment to the major leagues and the players and option limit inter- esting to most of the little fellows.

"If the major leagues would only come to us and talk real business instead of trying to bluff and bully us, it could all be settled," a promi- nent American Association Club owner said at Louisville.

"We are firm in the stand for what we think are our rights and we are going to stick to them as long as the major talks of boycott, black lists and other silly threats. How- ever, if the majors would give in a little, so would we."

ARLINGTON WALKS AWAY IN LAST HALF

Athletic Club Defeats Fairview, 51 to 29, After Playing to Close Score in First Half

JUNIORS WIN THE OPENER

The Arlington Athletic club's bas- ketball team hung another victory on to its long string Thursday night by defeating the Fairview Indepen- dents at the Arlington gym, 51 to 29. It was a hard battle in the first half, which ended 11 to 9 in favor of Arlington, but in the last half the A. C.'s pulled out in front and could not be headed.

The Junior A. C.'s won a snappy game from the Carthage Yankee Five in a curtain-raiser, 31 to 21. Carthage led the end of the first half, 12 to 10, but the Juniors proved too much for them the re- mainder of the game and won hand- ily.

The main game was a clean, hard- fought one and was regarded by fans as the best one seen on the Arlington floor this season. Shook was the outstanding star for the A. C.'s, counting eight field goals, and Gardner was not far behind with seven. Beasley, too, was in form and caged six. Arlington's passing has improved and this bunch is fast be- coming a hard one to beat.

Essex and Peters were shining lights on the visiting five, each scor- ing most of the points for their team.

If Commissioner Landis ever gets them in session together, it's a cinch they will both be reasonable and they ought to be in session next win- ter.

The bigger clubs of the minors do not want the option limit in- creased. They are finding fault now with the present system which they claim allows too many players scat- tered throughout the bush leagues with major league strings on them.

"We were going along for the pennant into the last quarter last season, when a major league club grabbed two of our best players that we had under option and we finished third instead of first," a manager said.

Other owners and managers take the stand that the majors might as well be allowed to have two hundred out under option if they want them, because they'll get around any lim- it that is placed upon them.

One major league scout, who does a great deal of traveling, said that the St. Louis Cardinals, with three minor league farms, had access to about 200 players—so many that the club didn't have time to devote sufficient attention to the Cards.

Meeting the salary question is an- other matter in which the minors are looking to the majors for help. Inde- pendent leagues, three or four of which are flourishing around the middle-west, offering salaries that most of the minors can't afford to pay, are the hardest problem the minors have to face.

Walter Hapgood, of the Roches- ter-International League club, sug- gested at Louisville that organized baseball take back all the ineligible players in the independent leagues and that the leagues themselves would then be willing to come in and operate under the rules of organized baseball.

BOTH TEAMS WILL HAVE GAMES TONIGHT

First And Second String Squads From Rushville High School to Take on Richmond

CARTMEL MAY BE OUT OF GAME

The Rushville high school basket ball teams, including the second string and the varsity squads, will invade Richmond tonight for a couple of games with the two teams of that city. Richmond is looking for- ward to the contest with interest, because they figure that it will be the first opportunity for them to stack up against a fast team, al- though they have defeated every team played this season.

The local team has been working hard this week, and all of the squad except Cartmel, back guard, has been out for practice. The back guard suffered an injury to his thumb, and may be out of the game unless the injury can be protected.

The Richmond team has about the same line-up that they had last year, and the coach has been using second string players at the start of the games, and when their opponents begin to weaken, the regulars are run into the contest.

Many rooters will accompany the team tonight, and the high school band will make the trip on motor trucks.

Wright's eight piece orchestra of Columbus, Ohio, will furnish the music for the dance to be given in the Elks club rooms, December 28.

Mr. and Mrs. E. E. Davis entertained the teachers of the Orange school with a prettily appointed seven o'clock dinner party Thursday evening at their home west of Orange.

About forty relatives and friends surprised Mr. and Mrs. Ed Dolan Thursday evening at their home south of Falmouth, honoring Mrs. Dolan's birthday. The evening was spent with playing cards and dancing.

The Grade Teacher's of Orange entertained their pupils this afternoon with a Santa Claus Party. A Christmas tree was enjoyed and Santa Claus was present to distribute the presents. A program of recitations and songs was also given.

Mrs. Oliver M. Dale entertained the members of the Pirate Bridge club at her home, 424 North Main street, Thursday afternoon, with a Christmas party. The house was decorated in keeping with the season, with holly and Christmas bells. The afternoon was spent in playing bridge and at the close of the game the guests were taken to the dining room where a delicious luncheon was served. A beautiful Christmas tree adorned the center of the table. The guests exchanged Christmas gifts.

The Christian Union Aid Society of Homer met at the home of Mrs. Will Hufford, south of Arlington Thursday afternoon. After the business session and exchange of Christmas gifts the hostess served dainty refreshments. Plans were made to entertain the Aid Members and their families at the basement of the church with a six o'clock dinner January 4. The next meeting of

the Society will be held at the home of Mrs. John Hufford, Thursday afternoon, January 25 at one o'clock.

Honoring her daughter Frances Elloise's ninth birthday, Mrs. Fred Beal entertained Thursday evening with a delightful dinner party. Covers were laid for Ruth Mauzy, Elizabeth and Virginia Payne, Bonnie Jean and Mary Elizabeth Beale.

Miss Dorothy Moore delightfully entertained the members of the Allways Present Class of the Main Street Christian church with a Christmas party, Thursday evening at her home in East Tenth street. An unusually large membership was present, fourteen members of the class enjoying the hospitality of Miss Moore. Several donations of fruit were received for the families the class will remember at Christmas and the girls made clothing for the children at this meeting. The home was prettily decorated for the occasion with holly and Christmas bells. Dainty refreshments were served at the close of the meeting.

The Glenwood Sorosis club was graciously entertained Thursday afternoon at the home of Mrs. A. J. Britt near Falmouth. It was the annual Christmas party with the exchange of gifts. The home was appropriately decorated for the occasion with Christmas emblems and the color scheme of red and green predominated. The responses to the roll call were Christmas quotations. Mrs. Emma Powell gave a very interesting Christmas story and Mrs. C. W. Saxon read a paper on "The Native Source of America Music." Mrs. Curtis Scholl also talked on "The Influence of Immigration on American Music." Miss Sarah Scholl entertained the guests with a monologue of Riley's "That Old Sweetheart of mine" and Mariah Fry rendered a beautiful piano solo. Fol-

#### CHRISTMAS PROGRAM AT PRINCESS THEATRE

A Christmas program of music by Cole's orchestra and the choir of the Main Street Christian church, assisted by Miss Lavienna Compton, reader; Mrs. Will McVay of Richmond, soloist; and others, together with a short Christmas message by the Rev. L. E. Brown will be given at the Princess theatre Sunday evening at seven o'clock. Sunday evening services have been held at the theatre for the past two weeks while the church is being redecorated. The program has been announced as follows:

Orchestra.  
Benediction.

#### Nativity Play Will Be Given at St. Paul's Church

The Nativity play to be presented at the Methodist church on Christmas eve will be a very impressive and beautiful presentation of the story of the first Christmas. It is a simple arrangement of the Old English Miracle Play, omitting of course the very difficult dialogue, familiar to that form of dramatic literature and using instead a very beautiful form of verse, almost child like in its simplicity and where possible the actual bible text.

The scene of the play throughout is the stable in Bethlehem to which come the shepherds and wise men to worship the new born king. It will be presented in somewhat the same manner as the Miracle Plays using the church itself as the only setting and the costumes and lighting the only attempt at realism. Music by a chorus will add to the general effect.

The characters of the plays and the players are:

Prologue—Elizabeth McWilliams.  
Mary—Mrs. Cullen Sexton.  
Joseph—Weldon Kennedy  
Shepherds—Amos Baxter, Robert Hinshaw, Charles Todd, Burke Dugal.  
Children—Olive Marie Miller, Charles Davis, Marie Gardner and Norma Wells.  
Kings—Harold Sentman, Edward Sentman and Oscar Eden.

The play has been directed and staged by Raymond Gregg, as a special community number of The Little Theatre Society. It is the first opportunity that organization has had to prove its willingness to co-operate with church, school or club in the production of worth while entertainment. The society offered free use of the workshop for rehearsals and loan much needed stage equipment. The costumes and draperies were made by Mrs. S. G. Gregg Mrs. Belle Cosand and Mrs. W. M. Redman.

Following the program a social hour was enjoyed and a dainty two course luncheon was served.

Thirty members and two guests enjoyed the Christmas meeting of the D. A. R. at the home of Mrs. A. L. Gary Thursday afternoon. The house was decorated in flags and holiday emblems. Regular business was transacted at which time the chapter bought a \$5 Health Bond.

Christmas music was provided by Mrs. D. D. VanOsdel and the Misses Wanda Wyatt, Florine Gronier and Alice and Leonora Norris. Miss Laura Meredith read a beautiful Christmas story, "Why The Chimes Ring", by Raymond McAllen. Gifts were exchanged and arrangements were made for the annual visit to the county infirmary to give Christmas cheer. One member of the chapter contributes \$5.00 each year for this purpose. Refreshments were served by the hostess and her assistants, Mrs. Will Alexander, Mrs. VanOsdel, Mrs. Charles Hugo, Mrs. Bertha Logan, Miss Leonora Norris and Miss Eva Ball.

## PIONEER RESIDENT OF COUNTY IS DEAD

Jacob B. Silfer, Widely Known As  
Naturalist, Expires At His Home  
In Orange Township

FUNERAL SATURDAY, 10 A. M.

Jacob B. Silfer, a pioneer resident of Rush county, living in Orange township, expired Wednesday night at the advanced age of 92 years. He was born in Butler county, O., but moved to this county in his early life, where he resided until his death.

The deceased was known extensively as a naturalist because of his vast flower gardens and collections of birds and animals, which won him high reputation. His home in this county was a beauty spot and was the mecca for many visitors. He also had a big collection of birds and animals, and he was a lover of the beauties of nature.

His widow survives, and their only son, William, met a tragic death when a boy, when his father fell an oak tree, striking the boy and killing him.

The funeral services will be held Saturday morning at ten o'clock at the late home in charge of the Rev. U. S. Johnson, and burial will be made in the Mt. Pisgah cemetery.

### TO MAKE SATURDAY SEALS DAY, PROGRAM

Continued from Page One

tuberculosis campaign, according to Murray Auerbach, executive secretary of the Indiana Tuberculosis Association.

"Many of the county organizations, anxious to reach the goal and make sure of their plans for county nurses, clinics, Health Crusaders and other phases of the white plague fight," said Mr. Auerbach, "are arranging to close the 1922 Seal Sale with a bang on Saturday. They are planning to make it "Seal Day", and intensify their efforts so that every possible support of the tuberculosis movement may have a chance to help by purchasing Christmas Seals and Health Bonds. The observance of the day as 'Seal Day' promises to be so wide spread as to send the Sale over the top to the goal of 30,000,000 Seals."

"We hope to make 1923 the best year Indiana has yet had in the campaign against tuberculosis, as the result of this year's Christmas Seal sale," said Dr. George T. MacCoy, of Columbus, president of the Indiana Tuberculosis Association, today, in a statement thanking the people of the state for their support.

"It is still too early to estimate the number of Christmas Seals sold this month in support of the anti-tuberculosis movement," Dr. MacCoy said. "Although early reports from county organization and State headquarters at Indianapolis indicate that the sale will be a heavy one. Each year's work has been more effective than the last, for some time past, because our funds have been increasing. People of Indiana are realizing the danger from tuberculosis, and appreciating the fact that, in proportion to the prevalence of the disease, the State has made only pitifully small preparation to counteract it. Despite the lack of facilities, we have succeeded in reducing the death rate steadily.

"This has been due in part to the

educational work, such as the Modern Health Crusade, and the preventive measures, such as regular clinics, which find out where the disease is and arrange for treatment. In both these phases of the work, the tuberculosis volunteers have had splendid assistance from the newspapers, medical profession and business organizations. Club women and school teachers have also helped.

"If the Seal Sale now closing is as successful as it appears to be, we hope to make 1923 the most effective year we have yet had in the anti-tuberculosis campaign. We must hold more clinics, intensify educational efforts, and prepare for more institutions in which victims of the disease can be treated. The State Association, and County associations, are grateful to all who have cooperated in the present Seal Sale. Their reward, we hope, will be the prevention of the white plague spread, and better health for the citizenship of the State."

## Perfect Regulation-- Positive Lubrication

THE PERFECT CIRCLE Oil Regulating Piston Ring has an annular groove turned on the face of the ring, midway between the edges. At equal intervals in this groove, slots are milled through to the inner surface of the ring. The groove, which is turned on the surface, collects the oil from the cylinder wall and, as the groove fills, the surplus is drained away through the slots. The oil that is thus collected behind the ring is drained back into the crank case by means of holes drilled through the inner wall of the ring groove. The superiority of the PERFECT CIRCLE Oil-Regulating Ring is due to its double function. First, it regulates lubrication by returning surplus oil to the crank case. Second, it provides positive lubrication of the cylinder wall. The use of PERFECT CIRCLE Oil-Regulating Rings reduces oil consumption to a minimum, thereby eliminating the evil of fouled spark plugs and carbon deposits. Only one Oil-Regulating Ring is used to a piston.

## BANDIT WOLF AT LAST PAYS PRICE

Grand Junction, Colo., Dec. 22—The giant gray wolf that for years roamed Mesa County and caused hundreds of dollars in losses to stockmen, has made its last kill.

Luke Hummel of the Dolores section is financially much better off as the slayer of the great wolf for he collected a score of rewards.

The wolf leader of a bold pack measured seven and one-half feet from tip to tip and weighed 150 pounds. Veteran trappers and hunters say it is one of the largest ever killed on the western slope of Colorado. Scores of hunters have tried vainly for years to run down the giant lobo, but he always avoided their baited traps and kept out of range of their rifles.

Hummel set a large trap and attached a heavy log to it. The next morning the trap and log were gone and a trail led through the forest. Hummel started in pursuit.

For three days he followed the windings of the furrowed path left by the log as the wolf sought to escape. At the end of the third day, fifty miles from the place where he set the trap, Hummel came upon the animal, exhausted but showing fight. A shot from his 30-30 ended the wolf's long career.

### FIRST MEETING OF COMMITTEE JAN. 4

L. E. Lyons, Republican State Chairman, Announces Session To Discuss 1923 Plans

**TO ATTEND LEGISLATURE**

Committee Will Go In Body To State House To Hear Governor McCray's Message To Assembly

Indianapolis, Ind., Dec. 22.—The first meeting of the Republican State Committee since the November election was called today by Chairman Lawrence E. Lyons to meet here on January 4 to lay plans for the committee's activity in the new year, and also receive final reports of the last campaign.

The meeting will be held in the morning adjourning in time for the Committee to go to the State house in a body to hear Governor McCray's message to the Legislature, which will open its 60 day session on that date. Announcement of probable plans for next year were withheld by Mr. Lyons, but it is understood that he will submit a definite program at the committee meeting.

"The call for the meeting of the State Committee," said Mr. Lyons, "comes for a meeting early in the year so that plans for the year's work can be outlined with the view that these can be carried forward throughout the year."

"We are really starting the presidential campaign of 1924 with the committee meeting, and the sentiment of the committee members is to leave nothing undone to bring about a realization of the constructive achievements of the Republican administration, national and state. The general all around improvement of economic prosperity is ahead. There is work everywhere. The farmer however, has been unfortunate, yet warm conditions show an improving trend. The Harding administration is committed to a program that will prove of further benefit to agriculture, and the farmers feel that Republican ability will more than cope with the present problems."

### MUST LABEL ALL ALCOHOL

Auto Dealers Must Put "Denatured" As Prefix For Radiators

With the arrival of cold weather and the consequent danger of frozen automobile radiators, Federal Prohibition Director Morgan today issued a warning to dealers that in advertising the sale of denatured alcohol, the advertisements and placards must state distinctly that the alcohol is denatured. The use of the word alcohol without the qualifying term "denatured" is a violation of the Federal Law, he pointed out. Director Morgan's attention has been called to several advertisements in which the word "denatured" was omitted and he considers it only fair to dealers to warn them of the provisions of the law on this question before making arrests for violations of the law.

Muncie—An annual city license fee of \$2 for automobiles, the receipts to be used in keeping the streets in condition is being considered by the city council here.

Greek and Armenian peasants driving their flocks before them, as they straggle along the road to the Coast, in Asia Minor. Thousands of such refugees are choking the roads, and the fact that they are leaving in such large numbers is bringing on a critical situation. At the Lausanne conference Ismet Pasha, of Turkey, contends that the Angora Government did not order the Greeks to leave, while on the other hand, M. Venizelos asserts it is impossible for Greeks to live in Asia Minor, saying that the Christian population is forced to leave regardless of whether official orders are issued. It is estimated that 30,000 Greek refugees are gathered at Samsun and other Black sea ports clamoring for ships to carry them to Greece.

**Bill Promotes the Welfare and Hy-

Indiana Received \$20,700**

Indianapolis, Ind., Dec. 22—Indiana, one of the first states to accept the Sheppard-Towner bill for the promotion of the welfare and hygiene of maternity and infancy, is ready to join with the 41 other states that have accepted the law in combatting the move of Massachusetts state officials to have the Supreme Court declare the law is unconstitutional, Governor McCray said today. He added that by employing common counsel, the states might make their legal fight at a cost of not more than \$150 each.

"An adverse decision in this case," said Gov. McCray, "might have a far-reaching consequence, and possibly cripple the broad plan of the federal government giving financial aid to the states in various matters affecting public welfare."

The financial aid referred to by the Governor includes that for agriculture experiment and extension work, vocational training and rehabilitation, and highway construction.

Under the Sheppard-Towner bill, Indiana received \$20,700 this year from the Federal Government, which doubled the appropriation that already had been provided by the state for the Infant and Child Division of the State Board of Health. No new or increased appropriation of state funds was necessary for Indiana to accept the federal law, and no new department was created, to administer it. The federal money became available immediately for Indiana because the appropriation by the State legislature in 1921 was sufficient to match the federal aid allotment for Indiana. Indiana accepted the federal law through the action of the Governor, and the action is subject to ratification for the legislature when it meets next month. Various organizations of women sponsored the federal law, among them the League of Women Voters, the W. C. T. U., the Y. W. C. A., the Association of University Women, the Federation of Women's Clubs, the Mothers and Parent-Teachers Associations, the D. A. R. The women's Trade League, the National Catholic Welfare Council, the Council of Jewish Women and others.

**SAYS U. S. IS BEHIND  
WITH SCHOOL PLANS**

**Education Director, J. J. Tigert, De-  
plores Conditions Existing  
Throughout This Country**

**BUILDINGS ARE INADEQUATE**

Washington, Dec. 22—This country is so far behind in providing educational facilities for its children that, "it is letting the school that was good enough for our fathers suffice for the children of today," according to John J. Tigert, U. S. Commissioner of Education.

"The present school building shortage is nothing short of a disgrace to the nation," Tigert said.

Among the defects cited by the commissioner in an appeal for better school buildings are: Old, dilapidated structures, half of them dating back more than 25 years; lack of fireproof construction; serious congestion; lack of necessary adjuncts for a rounded education, such as gymnasiums, shops, science and cooking rooms.

"One school building of every four now in use was built more than 34 years ago," Tigert declared.

"Hundreds of thousands of children are housed in portable, rented buildings, stores and lofts. Thousands are sitting for four or five hours a day in badly lighted, inadequately ventilated basements, three feet or more below street level.

"Only five percent of all the school building is burned or partly destroyed.

"Seventy-five percent of the cities

in 1920 reported congestion. Hundreds of thousands are on half-time.

"These are unpleasant facts. But they are facts that need to be stated because the crisis is serious."

## SHOW APPRECIATION

EMILE COUE THE "MIRACLE MAN OF FRANCE"  
Dr. Emile Coue, the little pharmacist of Nancy, whose provincial home has become a Mecca for the ailing, visiting home for crippled children in Sussex, England, where the children presented him with flowers and a walking stick. The celebrated apostle of auto-suggestive healing is coming to the United States soon to give to the American people his message of health through the power of the imagination over the will and the body.

## AMUSEMENTS

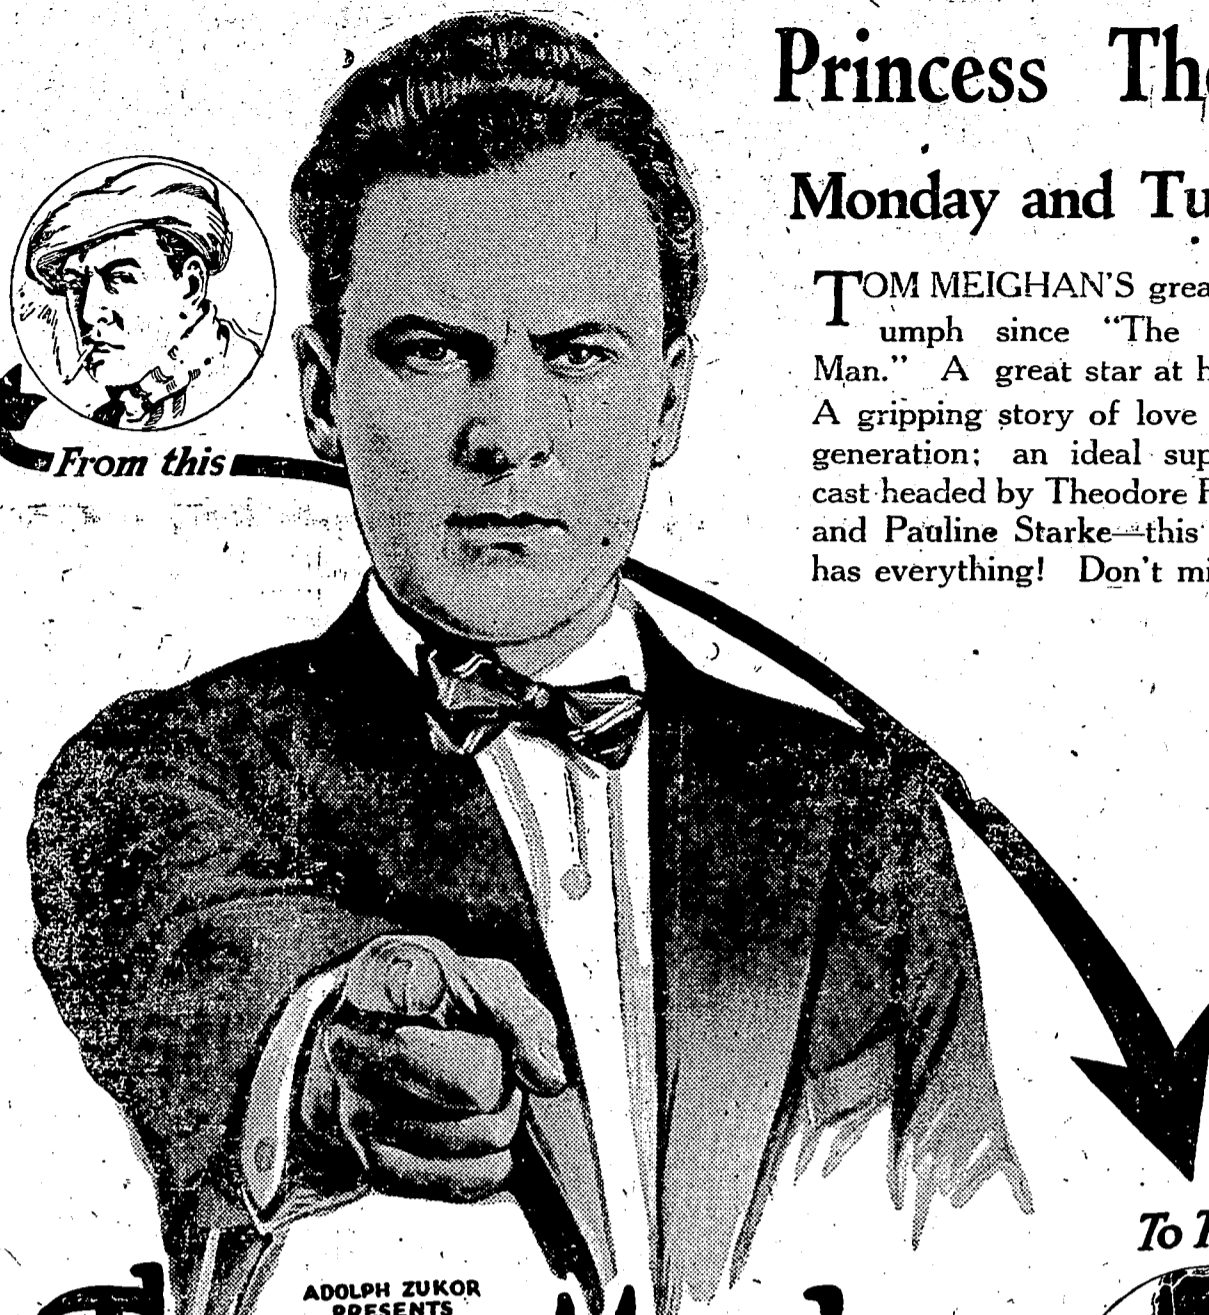

**At The Mystic Today**

"Top O' the Morning," Gladys Walton's latest Universal starring vehicle showing at the Mystic today while just as cheerful as the name implies, presents many tense dramatic incidents and opportunities for brilliant emotional display on the part of the popular Universal star.

Miss Walton plays the part of "Jerry" O' Donnell, a winsome Irish colleen who comes to America to visit her father only to find that he has taken a second wife who immediately proceeds to make life miserable for her newly-arrived stepdaughter from the old country and Jerry learns a few things of life and incidentally becomes an American girl.

"Top O' the Morning," is considered to be one of the best things that Gladys Walton has done thus far in her career as an emotional actress. She outdoes her success in "Second Hand Rose" and "Playing With Fire."

"Top O' The Morning," is just a simple love story containing many unusual twists and a delightful romance that threads its way throughout. This Irish story was written by Anne Caldwell, and scored a brilliant success on the American stage.

## PLUMBER MADE NEW STILL

Is Found Guilty Of Making Apparatus For Manufacturing Booze

Prohibition Director Morgan of Indianapolis is watching with interest the following cases which were recently reported to him by Group Chief William Hays of the Terre Haute Office. The police of Vincennes, Indiana, confiscated a still of approximately 200 gallon capacity from a tinner just upon completion of the still. The tinner was tried in City Court of Vincennes on December 7, 1922, before a jury of 12 men. They found him guilty of manufacturing a device to be used for the manufacture of illicit liquor and fined him \$250 with costs and 90 days on the State farm. This case had a far reaching effect and Mr. Morgan plans to use it as a basis

for action against both tinner and plumbers who are manufacturing stills or devices to be used for illegal manufacturing of liquor.

## PIONEER RESIDENT OF COUNTY IS DEAD

Jacob B. Slifer, Widely Known As Naturalist, Expires At His Home In Orange Township

FUNERAL SATURDAY, 10 A. M.

Jacob B. Slifer, a pioneer resident of Rush county, living in Orange township, expired Wednesday night at the advanced age of 92 years. He was born in Butler county, O., but moved to this county in his early life, where he resided until his death.

The deceased was known extensively as a naturalist because of his vast flower gardens and collections of birds and animals, which won him high reputation. His home in this county was a beauty spot and was the mecca for many visitors. He also had a big collection of birds and animals, and he was a lover of the beauties of nature.

His widow survives, and their only son, William, met a tragic death when a boy, when his father fell an oak tree, striking the boy and killing him.

The funeral services will be held Saturday morning at ten o'clock at the late home in charge of the Rev. U. S. Johnson, and burial will be made in the Mt. Pisgah cemetery.

## All Over Indiana

(By United Press)

Muncie—As an inducement to person to pay arrears in fines and costs in city court here, Bailiff Ira Coons has announced he will have all delinquents picked up and let them spend Christmas in jail.

Greenfield — Candle lights were shining from homes in Greenfield last night as a signal for Christmas carol singers to stop and serenade.

Goshen — The high cost of Christmas trees has gone up here for they sold last year at 25 to 50 cents each and now they are being held for 75 cents to \$1.25.

Anderson—George Dollar, 16, died as a result of a bullet wound sustained at the age of nine when his father became crazed, and killed three members of his family and committed suicide.

South Bend—House breakers ransacked the home of Jack Northup, a city patrolman, while he was out on his beat which requires him to pass his house every hour.

Huntington —Police turned water on the Bryson street hill here and allowed it to freeze in order to provide a half mile coasting place for youth of this city.

South Bend — Councilman George F. Hull, father of an ordinance which prohibits parking of automobiles in the business district more than thirty minutes was fined \$1 and costs in city court for violating it.

Chubbuck—The blade of a bitler knife which George Dolman left on the seat of his automobile, penetrated two and one half inches of his body when he sat on it.

Wabash — Twelve accidents occurred in one hour on the Wabash street hill which had been covered with ice, before police closed it to traffic.

Martinsville — F. J. Rembusch, owner of the Grace theatre here was fined \$1 and costs for operating on Sunday.

Marion—A petition filed with the county auditor here asking for the improvement of a boulevard in the city, weighed more than a pound.

Washington—A runaway team of horses dashed through a crowd of Christmas shoppers on the streets here but no one was injured.

Columbus — Harry Frohman local grocer, found he had about a ton of cooked potatoes in his cellar where steam pipe burst there.

Clinton—Seventy-five children are enjoying an enforced vacation as a result of fire of an unknown origin which destroyed the Smith township school near here.

Anderson—Jesse Stafford Chester Maddux wondered why the chimney of his house did not draw but on investigation he found a swarm of bees with five pounds of honey.

Sheridan—Mr. and Mrs. Fred Neal observed their sixtieth wedding anniversary with a family dinner at their home here at which all of their eight children were present.

## TO MAKE SATURDAY SEALS DAY, PROGRAM

Continued from Page One

tuberculosis campaign, according to Murray Auerbach, executive secretary of the Indiana Tuberculosis Association.

"Many of the county organizations, anxious to reach the goal and make sure of their plans for county nurses, clinics, Health Crusaders and other phases of the white plague fight," said Mr. Auerbach, "are arranging to close the 1922 Seal Sale with a bang on Saturday. They are planning to make it 'Seal Day', and intensify their efforts so that every possible support of the tuberculosis movement may have a chance to help by purchasing Christmas Seals and Health Bonds. The observance of the day as 'Seal Day' promises to be so wide spread as to send the Seal sale over the top to the goal of 36,000,000 Seals."

"We hope to make 1923 the best year Indiana has yet had in the campaign against tuberculosis, as the result of this year's Christmas Seal sale," said Dr. George T. MacCoy, of Columbus, president of the Indiana Tuberculosis Association today, in a statement thanking the people of the state for their support.

"It is still too early to estimate the number of Christmas Seals sold this month in support of the anti-tuberculosis movement," Dr. MacCoy said. "Although early reports from county organization and State headquarters at Indianapolis indicate that the sale will be a heavy one. Each year's work has been more effective than the last, for some time past, because our funds have been increasing. People of Indiana are realizing the danger from tuberculosis, and appreciating the fact that, in proportion to the prevalence of the disease, the State has made only pitifully small preparation to counteract it. Despite the lack of facilities, we have succeeded in reducing the death rate steadily.

This has been due in part to the

educational work, such as the Modern Health Crusade, and the preventive measures, such as regular clinics, which find out where the disease is and arrange for treatment. In both these phases of the work, the tuberculosis volunteers have had splendid assistance from the newspapers, medical profession and business organizations. Club women and school teachers have also helped.

"If the Seal Sale now closing is as successful as it appears to be, we hope to make 1923 the most effective year we have yet had in the anti-tuberculosis campaign. We must hold more clinics, intensify educational efforts, and prepare for more institutions in which victims of the disease can be treated. The State Association, and County associations, are grateful to all who have cooperated in the present Seal Sale. Their reward, we hope, will be the prevention of the white plague spread, and better health for the citizenship of the State."

PISTON RINGS

## Perfect Regulation-- Positive Lubrication

THE PERFECT CIRCLE Oil Regulating Piston Ring has an annular groove turned on the face of the ring, midway between the edges. At equal intervals in this groove, slots are milled through to the inner surface of the ring. The groove, which is turned on the surface, collects the oil from the cylinder wall and, as the groove fills, the surplus is drained away through the slots. The oil that is thus collected behind the ring is drained back into the crank case by means of holes drilled through the inner wall of the ring groove. The superiority of the PERFECT CIRCLE Oil-Regulating Ring is due to its double function. First, it regulates lubrication by returning surplus oil to the crank case. Second, it provides positive lubrication of the cylinder wall. The use of PERFECT CIRCLE Oil-Regulating Rings reduces oil consumption to a minimum, thereby eliminating the evil of fouled spark-plugs and carbon deposits. Only one Oil-Regulating Ring is used to a piston.

**FIRST MEETING OF COMMITTEE JAN. 4**

E. Lyons, Republican State Chairman, Announces Session To Discuss 1923 Plans

**TO ATTEND LEGISLATURE**

Committee Will Go In Body To State House To Hear Governor McCray's Message To Assembly

Indianapolis, Ind., Dec. 22.—The first meeting of the Republican State Committee since the November election was called today by Chairman Lawrence E. Lyons to meet here on January 4 to lay plans for the committee's activity in the new year, and also receive final reports of the last campaign.

The meeting will be held in the morning adjourning in time for the Committee to go to the State house in a body to hear Governor McCray's message to the Legislature, which will open its 60 day session on that date. Announcement of probable plans for next year were withheld by Mr. Lyons, but it is understood that he will submit a definite program at the committee meeting.

"The call for the meeting of the State Committee," said Mr. Lyons, "comes for a meeting early in the year so that plans for the year's work can be outlined with the view that these can be carried forward throughout the year.

"We are really starting the presidential campaign of 1924 with the committee meeting, and the sentiment of the committee members is to leave nothing undone to bring about a realization of the constructive achievements of the Republican administration, national and state. The general all around improvement of economic prosperity is ahead. There is work everywhere. The farmer however, has been unfortunate, yet warm conditions show an improving trend. **MUST LABEL ALL ALCOHOL**

Auto Dealers Must Put "Denatured" As Prefix For Radiators

With the arrival of cold weather and the consequent danger of frozen automobile radiators, Federal Prohibition Director Morgan today issued a warning to dealers that in advertising the sale of denatured alcohol, the advertisements and placards must state distinctly that the alcohol is denatured. The use of the word alcohol without the qualifying term, "denatured" is a violation of the Federal Law, he pointed out. Director Morgan's attention has been called to several advertisements in which the word "denatured" was omitted and he considers it only fair to dealers to warn them of the provisions of the law on this question before making arrests for violations of the law.

Muncie—An annual city license fee of \$2 for automobiles, the receipts to be used in keeping the streets in condition is being considered by the city council here.

## How to Save the Price of a New Winter Suit.

Hundreds of thousands of prosperous people are doing it every year.

They simply take the old and shabby looking suit to a cleaner—and he does the rest. He returns it to them looking like a new one, and the owner saves the price of a new one.

We are the CLEANERS for this community.
